Statement of Purpose

Carnforth High School recognises and values Careers guidance for all our students. We are committed to empower our students to make well-informed and aspirational choices about their future.

Each student will receive high quality, impartial careers advice and guidance, structured throughout their time at CHS. This will be in line with The Gatsby Benchmark guidelines (<https://www.goodcareerguidance.org.uk/>), guidance from The Career Development Institute (<https://www.thecdi.net/>) and The Careers and Enterprise Company (<https://www.careersandenterprise.co.uk/>).

The importance of our Careers programme is reflected in the fact that the first statement of our school vision is that all students will have “plans in place for their future.”

Regular information around local opportunities (such as training opportunities, apprenticeships, open events, etc.) is provided on our school website Careers page (<https://www.carnforthhigh.co.uk/school-life/careers/>), as well as in our school newsletter to parents/carers and emailed directly to parents/carers.

The Careers Team Leaders

All staff in school are responsible for the delivery of Careers education to our students. Leading this delivery are:

- Mr E McGauran – Assistant Principal and Careers Leader
- Ms A Parr – Careers Advisor

Ms Parr is a level 7 Careers Advisor who works part-time, Wednesdays and Thursdays, and is available to both parents and students for advice and guidance, including information on:

- Career planning
- GCSE choices
- 6th Form or college courses
- Apprenticeships and degree choices
- Work Experience placements

Students will have at least one interview before while they are in KS4 and will have direct experience of the world of work, through employer engagement, work placements and careers fairs. Ms Parr also runs virtual careers planning events for parents and these will be listed in the newsletter (within our regular ‘Plans in Place’ newsletter feature).

Training for staff around Careers is delivered through CPD and a regular staff briefing update.

Unifrog Online Career Planning Website

From 2022-23 all students will have access to our Unifrog software. The school provides access to this excellent career planning tool which allows students to research the world of work, aid in making options and post-16 choices, and understand the skills they will need for their future career plans. There is a wide range of Careers information on the platform, including apprenticeship information, a CV building tool, guidance on interview skills, job profiles and videos, etc. Many of these elements are also available to parents/carers without the need for logins.

All students will receive introductions and training around Unifrog in 2022-23, beginning at Enrichment Day 1 in the first term of the year. Regular usage of the platform will continue throughout the year, incorporated into Life Skills lessons, form time activities and Enrichment Days and events to ensure the best impact of the platform. Data around usage of the platform by students and staff is tracked and reviewed.

Below is an example of the way in which Unifrog tracks an individual student's Careers interactions against the Gatsby Benchmarks and other focusses we set as a school:

The Gatsby Benchmarks

In 2013, Gatsby commissioned Sir John Holman to set out what career guidance in England would be like if it were good by international standards, resulting in the Good Career Guidance report. The eight benchmarks set out in the report serve as a framework for improvement in careers provision and have been adopted as part of the Government's Careers Strategy and statutory guidance for schools and colleges. In addition, The Careers & Enterprise Company now supports the implementation of the benchmarks in schools and colleges with a national network of support, resources and targeted funding. Further information around Gatsby can be found here:

<https://www.goodcareerguidance.org.uk/>.

The 8 Gatsby Benchmarks

- BENCHMARK 1:** A stable careers programme
- BENCHMARK 2:** Learning from career and labour market information
- BENCHMARK 3:** Addressing the needs of each pupil
- BENCHMARK 4:** Linking curriculum learning to careers
- BENCHMARK 5:** Encounters with employers and employees
- BENCHMARK 6:** Experiences of workplaces
- BENCHMARK 7:** Encounters with further and higher education
- BENCHMARK 8:** Personal guidance

At Carnforth High School we ensure that these benchmarks are met for all students. Tracking against this can be found on our Unifrog platform (which can be seen by all students and staff) and on our Compass Plus system (which can be accessed by the Careers Leader and Advisor and is quality assured by Lancashire County Council).

Provider Access (The 'Baker Clause')

Introduced in 2018, the Baker Clause was authored by the former education secretary, Lord Kenneth Baker. The guidance stipulates that schools must allow colleges and training providers to access every student in years 8-13 to discuss non-academic routes that are available to them.

Updated in July 2021, the government's Statutory guidance for schools and guidance for further education colleges and sixth form colleges sets out the following: "Schools and colleges have a responsibility to set students on the path that will secure the best outcome which will enable them to progress in education and work and give employers the highly skilled people they need."

We meet this requirement at Carnforth High School by enabling a range of provider access. Our 'Provider Access Policy' is available via the school website and allows providers to see our obligations as a school. It also gives providers the contact details of the Careers Leader and Careers Advisor in order to arrange access.

Key events in which we give access to a range of providers include assemblies, visits to lessons by providers, visits to institutions by groups of students, Enrichment Day activities and our annual Careers Fair. Information about a wide range of providers can also be found on our Careers page of the school website, and students and their parents/carers have access to impartial advice and guidance through the Unifrog platform.

Life Skills Lessons

All students at Carnforth High School receive one lesson a week of Life Skills. This is our lead delivery vehicle for key areas such as PSHE, RSHE and Citizenship. Within this there are age appropriate lessons with Careers-related themes in each year group. These are coordinated by the Subject Leader for Life Skills and the school's Careers Advisor.

The 3 Levels of Careers Planning at CHS

To provide the best Careers offer to all our students we consider a '3 Level' overview at Carnforth High School. The three levels are an easy way to see how students all receive a strong and impactful Careers provision and how benchmarks 3 and 8 specifically are met through more targeted provision for those students who need it.

Level 1 – Our Universal Offer for all Students in School

All students in all years will receive the following Careers Education, Information, Advice and Guidance:

- At least one Careers focused assembly each half term (6 a year)
- At least one form time activity each half term (6 a year)
- Careers related activities on each Enrichment Day (2 a year plus additional Enrichment Events)
- Dedicated Careers content within Life Skills lessons
- Access to, and regular opportunities to use, the Unifrog software programme
- Careers focus within the overall School Development Plan and School Vision
- Careers advice available directly from our Level 7 Careers Advisor
- Careers displays in all departments about career paths in that subject area
- All visitors to school asked to discuss their career pathway to that point before any presentation
- Regular student voice feedback from students (The Future Skills Questionnaire)
- Regular updates on local Labour Market Information (LMI) given to students
- Regular advertising of local Careers/post-16 events through website, newsletter and via email

Level 2 – Our Universal Offer for all Students in a Year Group

All students in these year groups will receive the following, age specific, Careers Education, Information, Advice and Guidance:

Year 7: Starting a Journey

The focus of this year is on helping students to see that they have been developing skills throughout KS1 and KS2 and are now beginning a 5 year journey with us at CHS, building towards making the best post-16 choices to support their futures.
